Leica DISTO™ D210

The original laser distance meter

Simply functional!

The compact and handy entry-level model has many interesting functions and is still simple to use. Addition and subtraction, area and volume calculations for rapid and reliable site measurement. The last 10 results are stored.

Leica DISTO[™] D210 – leave the measuring tape behind.

Featured with:

- Power Range Technology™
- IP54 dust and water splash protection
- Illuminated 3-line display
- Automatic multifunctional end-piece

Precision at the touch of a button

For everything you need to be accurate – the Leica DISTOTM D210 measures with an accuracy of \pm 1.0 mm.

Multifunctional end-piece

Whether measuring out of corners, slots or from edges, with this endpiece you are prepared for all measuring situations. The instrument detects the end-piece automatically, which helps you avoid expensive measuring errors.

Small and handy

Thanks to its ergonomic and compact design with soft grip, the Leica DISTO™ D210 sits securely in your hand, is lightweight and fits into any pocket.

Easy to read display

 \neg

The results are shown on three lines. The display illumination means they can be clearly read, even in the dark.
