## Building and Humidity Testing

### VideoFlex SD

Compact inspection camera for visual inspections of areas which are difficult to access, featuring record function. The camera head on the flexible cable transmits images directly to the LC monitor. Bright LED lighting means that the camera is able to provide clear still images and video recordings even when lighting conditions are at their poorest. The compact camera head is small enough to inspect even inaccessible areas. The stills and video images recorded can be saved directly to the SD memory card (1 GB). A USB 2.0 port facilitates direct connection to a PC. The multilingual on-screen display supports intuitive user guidance.  
Camera resolution: 1280 x 960 pixels,  
Camera head: ø 17 mm, Screen size: 3.0",  
Zoom: 3x digital zoom in 10% increments,  
LED: 3 brightness levels, memory: 1 GB SD card
