

International Hardware Fair 2010 Update

+ + News + + News + + News + +

Electrical Test Equipment

AC-tiveFinder PT
 Detection of electrical voltage (24VAC until 100 VAC) in wires, sockets, lamp holder and fuses. With zoom function.
Art.-Nr.: 083.010A Available August 2010
ACF £15.00

AC-tiveTester PT
 Universal voltage detector for the complete building electricity. Automatic test of direct and alternating voltage (AC/DC). (6 VAC until 400VAC).
Art.-Nr.: 083.020A Available August 2010
ACT £18.00

AC-tiveMaster PD PT
 Reliable and fast voltage tester including the most important nominal voltages (12 VAC to 690 VAC). Single phase tester, rotating field indicator, continuity tester, LED working light.
Art.-Nr.: 083.021A Available August 2010
ACM £65.00

MultiMeter-Pocket PT
 Universal Multimeter- fully protected in all areas. For voltage, electric current, resistance and continuity. Automatic range commutation, LED working light, AC warning.
Art.-Nr.: 083.032A Available August 2010
MMP 39.00

MultiMeter-Compact PT
 Universal Multimeter for professional practising experts. Measures fast and exact in voltage, electrical current, resistance, capacity, frequency and pulse duty factor. Automatic range commutation, vibration alert.
Art.-Nr.: 083.034A Available August 2010
MMC 65.00

MultiClamp-Meter Pro PT
 The professional electrical current and voltage measuring clamp with real actual value measurement. Reliable und fast electricity measurement in all self-contained electric circuits. Additional multimeter function for voltage, resistance and continuity.
Art.-Nr.: 083.040A Available August 2010
MCMP 95.00

AC-Tracer PT
 Simple detection and tracing of electrical wires and fuses in electrical circuit. Fast coverage of connected electrical circuits in continuous operation.
Art.-Nr.: 083.050A Available August 2010

LAN CableChecker PT
 Detection device for telephone and network cables in de-energized cable systems. Tests the correct wiring in Ethernet cables. Versatile cable adapters for TV, SAT, Audio and for testing of separate skinners.
Art.-Nr.: 083.060A Available August 2010

CableTracer Pro IQ
 Universal and flexible detection and analysis device for electrical wires in complex installations. Detects electrical wires, fuses, short-cuts, discontinuities, safety switches, conductive heating pipes etc.
Art.-Nr.: 083.070A Available July 2010

Humidity and Building Testing

WoodTester PT
 Compact wood humidity detector especially for determination of humidity of firewood, protection cap with integrated self-testing function.
Art.-Nr.: 082.005A Available May 2010
WT £35.00

MoistureFinder PT
 Non-destructive material humidity detection of wood and building materials with selectable material characteristics. Coloured LED-Dry/Wet-Indicator for faster rating.
Art.-Nr.: 082.032A Available May 2010
MF £89.00

MoistureMaster IQ
 Non-destructive material humidity detection of 30 types of wood and 4 types of building material. Universal Index mode for easy rating of complex or multi-layered materials. Multilingual menu system with selectable material characteristics.
Art.-Nr.: 082.033A Available July 2010
MM £199.00

MultiTest-Master IQ
 For detection of the most common environmental factors: Ambient temperature, relative air humidity, air flow, illumination and noise level.
Art.-Nr.: 082.060A Available May 2010
MTM £289.00

Video inspection

VideoScope PT
 Compact video inspector with 25 cm focus, double digital zoom, three-step LED illumination on camera head and function for screen rotation.
Art.-Nr.: 082.058A Available July 2010
VS £199.00

Electronic Scanners

TwinFinder PT
 Compact detection device for selective search of metals and hot wires.
Art.-Nr.: 080.975A Available May 2010
TF £34.00

Cross-line laser

SuperCross-Laser Compact PT
 Cross-Line Laser in pocket format with fold-out supporting feet.
Art.-Nr.: 081.124A Available July 2010
SCLC £65.00

SuperCross-Laser 2P PT
 Cross-Line Laser with additional plumb laser above and below. Height adjustable panel for fixing on tripods or directly on the wall.
Art.-Nr.: 081.125A Available August 2010
ACL2P £129.00

RangeXtender RX 30 Mag. PT
 Laser receiver for line laser, compact model up to 30 m receiving range. With magnets for easy fixing, e.g. on metal studs.
Art.-Nr.: 033.25A Available August 2010
RX30 £79.00

Modification in colour and design and technical improvements reserved.
