

Tripods, levelling staffs and fasteners

THE BASIS FOR SOUND WORK

To make full use of all the capabilities offered by a rotation laser or automatic level, a tripod is necessary. Laserliner offers an extensive range of tripods, since different tasks call for different technical solutions. Wallmounts ease ceiling work.

Quick-release lock for equal extension of all legs

An all-round steel chain prevents the legs from spreading on smooth floors

The seat for the instrument is milled and surface-ground

Hook for plumb bob directly beneath the fixing screw

Sturdy steel feet for secure positioning

Professional crank lift on the professional crank tripod with mm graduation

Adjustable carrying strap

Crank lift with mm graduation

Laser and levelling device accessories
