

Holsters and pockets for tools

The Laserliner BAX system is ideal for daily use on the building site – the tools are always at hand and securely stored. The pockets fit comfortably on any tool or clothing belt.

Two metal buttons on this leather strap makes it universal.

Versatile slots for screwdrivers and other tools – made from real leather.

Stainless steel side tool holder

Made from sturdy material with stitched Laserliner logo.

Unique design – suitable for left and right handed users

Heavy-duty steel handle with ergonomic shape of grip made of foam makes lifting more secure and comfortable.
